---

## PROFESSIONAL SUMMARY

A proactive and results-driven Web Developer with hands-on experience in building high-quality, responsive web applications. Proficient in HTML5, CSS3, JavaScript, and front-end frameworks like React and Next.js. Skilled in crafting user-friendly, mobile-first designs with a strong focus on web accessibility. Adept at collaborating in fast-paced, cross-functional teams to deliver scalable solutions that meet both business and technical requirements. Strong communicator and committed to continuous learning.

---

## KEY ACHIEVEMENTS

- **Led front-end development** for multiple high-impact projects, resulting in a **20% increase** in user engagement.
  - Delivered projects **on time and within budget** while maintaining a high standard of code quality and performance.
  - Regularly contributed to **improving coding standards** and best practices through active participation in code reviews and knowledge-sharing sessions.
- 

## TECHNICAL SKILLS

- **Languages & Tools:** HTML5, CSS3, JavaScript, TypeScript, Node.js, Git, npm, Webpack
  - **Frameworks:** React, Next.js
  - **CSS Preprocessors:** SCSS, LESS
  - **Other Skills:** Responsive Design, Mobile-First Development, Web Accessibility Standards, API Integration, Unit Testing
  - **Soft Skills:** Communication, Problem-Solving, Time Management, Team Collaboration, Adaptability, Attention to Detail
- 

## PROFESSIONAL EXPERIENCE

### Full Stack Engineer

*The Future Engineers Network | Lagos, Nigeria*

*May 2024 – Present*

- Developed and maintained full-stack web applications, ensuring high performance and responsiveness across multiple devices.
- Collaborated with cross-functional teams to design and implement scalable solutions, resulting in **improved user engagement** and platform functionality.
- Integrated third-party APIs, enhancing the platform's interoperability and feature set.

- Optimized database queries and structures, improving data retrieval speeds by **20%** and boosting overall application efficiency.
- Implemented security best practices, reducing vulnerabilities and ensuring compliance with industry standards.
- Led code reviews and mentored junior developers, cultivating a culture of continuous learning and code quality improvement.
- Streamlined deployment pipelines and automated testing, reducing deployment times by **15%**.

### **Full Stack Web Developer**

*Seyforte Global (Tech Hub)*

*April 2022 – April 2024*

- Worked on both front-end and back-end development for the **Loveworld Singers Rehearsal Hub**.
  - Developed responsive web applications using HTML5, CSS3, JavaScript, React, and Next.js, ensuring a smooth user experience across devices.
  - Collaborated with stakeholders to define requirements and implemented new features and improvements.
  - Participated in **code reviews** and **pair programming** to ensure adherence to coding best practices.
  - Integrated unit and integration tests to ensure the reliability of applications.
- 

## EDUCATION & CERTIFICATIONS

- **Responsive Web Design Developer Certification** – Freecodecamp (2021)
- **Programming Foundations: Fundamentals** – LinkedIn (2024)
